SEMINAR TOPIC - INCLUSIVE EDUCATION

Objective

The objective of the seminar is to provide equitable learning opportunities for all students, regardless of their abilities, backgrounds, or disabilities. It aims to foster an environment where every learner feels valued, respected, and supported. Inclusive education promotes the integration of students with diverse needs into mainstream classrooms, ensuring they have access to the same curriculum and resources as their peers. This approach helps to eliminate discrimination, reduce educational inequalities, and build a more compassionate and tolerant society. By encouraging collaboration, understanding and flexibility, inclusive education seeks to nurture the full potential of each student, preparing them for active participation in society.
